

Investing in your gas supply

Roseburn Terrace

Edinburgh

SGN
Your gas. Our network.

Smell gas?

As part of a wider project in the area, we'll shortly begin work to upgrade our gas network in Roseburn Terrace.

This essential project involves replacing our old gas mains with new plastic pipe to ensure a continued safe and reliable gas supply for the local area for many years to come.

We've worked closely with the local authorities in planning our project, which will start on Monday 20 May 2019 and take around 13 weeks to complete.

Our work will start in Roseburn Terrace, near to its junction with Murrayfield Place. Roseburn Terrace will be reduced to one lane each way, and temporary traffic lights will

be in place at times. For the duration of our work in the road, Roseburn Gardens, Murrayfield Avenue and Murrayfield Gardens will be closed at their junctions with Roseburn Terrace. Parking suspensions will also be in place.

We expect this phase to take around six weeks to complete.

We'll then progress into Corstorphine Road, which will be reduced to one lane each way for approximately seven weeks.

Where is the work taking place?

Key

- Work area 
- Junction closed 

We know this is a busy area and will be working seven days a week to complete our work as quickly as possible. To help you understand more about our work and answer any questions you have - we're holding a drop-in session on Wednesday 15 May in The Dove Room at Murrayfield Parish Church Centre, EH12 6EQ, from 4pm to 7.30pm.

If you have any enquiries about this project, please call us on **0800 912 1700** at any time.

If you need this leaflet in a different format or language, call **0800 975 1818**
